

NEW **THRACE** PAPER CUPS

Serving the best drinks, **the best way**

The **perfect on-the-go serving** solution for hot and cold drinks, offering practicality, durability and a **premium drinking experience** for your consumers.

THRACE GROUP introduces a new line of high-quality paper cups with **innovative technical features**, strengthening its position as the most reliable HORECA supply partner for coffee chains since 2002.

DURABLE

Thanks to our leak-proof technology, our cups offer maximum bending resistance and excellent impermeability against liquids.

ECO-FRIENDLY

The use of FSC-certified paper ensures responsible forest management.

Recyclable* according to certain paper recycling technologies.

*specific additional requirements may apply within each EU member state

THE FOOD-SAFE CUP

The content has zero direct contact with adhesive chemicals of any type.

CERTIFIED

In compliance with the EU-wide regulatory framework for packaging aimed for direct contact with food and beverage.

IMPRESSIVE DESIGN

Vibrant print effect, excellent ink quality and a unique rendering of even the most demanding artworks.

INVESTING IN CUTTING-EDGE TECHNOLOGY

We aim to make the difference in the paper cup market by constantly innovating in **durability, hygiene, sustainability and premium look&feel.**

- Our technology **does not use any chemical additives** for the bottom-to-side-wall attachment, ensuring that the content has **no direct contact with adhesives/glues.**
- The embedded high-quality, **bio- & water-based inks** and **varnishes** carry **all required certifications for use in food packaging**, securing iconic printing and certified food& drink safety.
- Each individual batch carries a unique tracking number **ensuring full traceability** during the manufacturing process as well as after its departure from the production facility.
- **International production plant certifications** ISO 14001, ISO 45001 and ISO 50001 attest to the cups' high quality throughout all production stages.
