

STRAW & HAY BALE NONWOVEN WEATHER PROTECTION COVER

THE NEXT GENERATION OF BALE PROTECTION

Thrace Group's Straw & Hay Bale Nonwoven covers provide vital defense against harsh weather conditions, shielding bales from rain, wind, and harmful UV rays.

They prevent fiber degradation and nutrient loss, while their breathable design reduces moisture buildup—minimizing the risk of mold and ensuring optimal storage conditions.

Water-repellent Surface

Treated to resist water penetration on the surface.

Breathable Design

Allows air to circulate, aiding moisture removal.

Reinforced Thickness

Engineered with optimal thickness to resist tearing, puncturing, and fraying, providing reliable protection against harsh weather.
