

# SUGAR BEET NONWOVEN WEATHER PROTECTION COVER

## SHIELD YOUR BEETS SECURE YOUR YIELD

**Thrace Group's Sugar Beet Nonwoven Cover** offers a dependable barrier against rain, wind, and temperature fluctuations during storage.

Designed for breathability and strength, it helps maintain crop quality by minimizing moisture accumulation and mold formation—ensuring more stable storage with less loss.

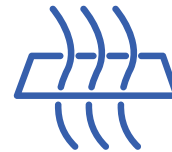

### Protection from Contamination

Minimizes soil contamination, keeping sugar beets clean and reducing impurities during storage.

### Frost Protection

Helps reduce sugar loss in sugar beets by shielding them from cold temperatures and environmental stress.

### Ventilation & Moisture Control

Ensures proper airflow to prevent spoilage while repelling water to maintain ideal storage conditions.
